SRI GURU TEGH BAHADUR KHALSA COLLEGE

UNIVERSITY OF DELHI

Presents

LASHKARA '25

THE ANNUAL CULTURAL FEST

APRIL 3, 4 & 5

LASHKARA

THE PRINCIPAL'S MESSAGE

It fills my heart with immense joy to extend my warmest wishes to the entire teaching and student community as we come together to celebrate Lashkara '25—the three-day cultural fest of Sri Guru Tegh Bahadur Khalsa College—on April 3, 4, and 5, 2025.

Lashkara is more than just a festival, it is a tradition; it is an ode to creativity, and the vibrant spirit that defines our institution. As we step into these three exhilarating days, we pay homage to the values that shape us—our rich heritage, the enduring legacy of fine arts, and the unyielding spirit of artistic expression. This festival is a confluence of the past and the present, where classical traditions meet contemporary ideas, and where every performance, every artwork, and every moment of camaraderie adds to the larger tapestry of cultural brilliance.

Through music, dance, theatre, and artistic exhibitions, Lashkara transforms our campus into a thriving hub of performative arts, where stories unfold not just on stage but in the very air we breathe. The beats of the dhol, the rhythm of expressive movements, and the passion of artists make this an experience that lingers long after the fest is over. It is a space where traditions are honored, innovation is celebrated, and students find a stage to explore the uncharted.

Beyond the dazzling performances and colorful festivities, Lashkara is a reminder that education is not confined to textbooks—it thrives in expression, in dialogue, and in the connections we forge through shared experiences. For our students, who devote themselves to academic rigor throughout the year, this festival is a well-deserved interlude—a moment to revel in joy, broaden horizons, and embrace the boundless energy that youth brings.

Every year, students eagerly await Lashkara, and each edition surpasses the last, weaving new memories into the legacy of our college. As we welcome participants from across the University of Delhi and beyond, I am certain that Lashkara '25 will once again be a dazzling spectacle of talent, unity, and artistic brilliance.

I extend my heartfelt congratulations to the entire Lashkara '25 Committee for their dedication and meticulous planning. May these three days be a symphony of joy, learning, and unforgettable moments that stay with us long after the last curtain falls.

With warm regards,
Prof. Gurmohinder Singh
Principal

Finwisory

FINZONE 1.0

Event 1: Valuation Monopoly: The Investment Battle

Game Description:

In this competition, participants will play a modified version of the traditional Monopoly game. Instead of properties, the board will feature companies. Each company will have its own valuation and the objective will be to buy, sell, and trade companies to maximize your portfolio. Players will experience real-time company valuations, and instead of paying rent, they will need to deal with company valuations. The goal is to bankrupt the other teams by outsmarting them with strategic investments and timely purchases.

Game Play:

- Teams of 1-3 participants will compete in this unique version of Monopoly.
- The game will be projected on a large screen for everyone to follow.
- Teams will take turns rolling the dice to move around the board and make strategic decisions about when and which companies to buy.
- Instead of traditional rent payments, teams will pay or receive a valuation based on the company's performance during the game.
- The team with the most valuable companies wins in the last round.

Team Size:

A team will consist of 1-3 members, and there will be 8 teams participating at a single point of time.

Date: 3 April, 2025
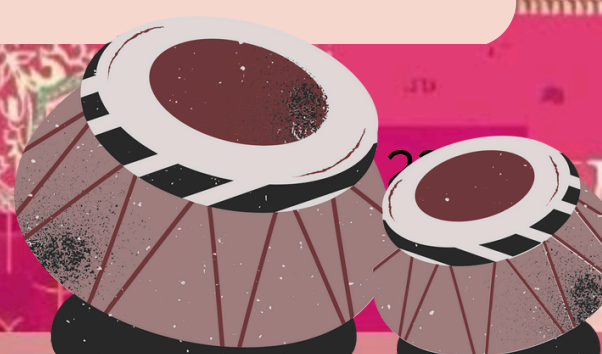

LASHKARA

Event 1: Wealth Wave 2.0

Portfolio Management Competition

The event will serve as an exciting and intellectually stimulating platform where teams from various colleges will come together to compete in a dynamic bidding and trading competition. The challenge is designed to test participants' decision-making skills, strategic thinking, and market analysis abilities in a fast-paced, high-stakes environment.

Event Format & Rounds:

Bidding Rounds:
• Teams will participate in multiple bidding rounds, where they will make calculated bets based on news, trends, and rumors presented to them.
• The information provided could be accurate, misleading, or speculative, requiring participants to analyze, interpret, and take risks accordingly.
• Teams must strategise effectively to maximize their investments and stay ahead of competitors.

Portfolio Management & Trading:
• Each team will be given a virtual portfolio consisting of different assets, stocks, or commodities.
• They will have to trade wisely, making decisions based on market fluctuations, supply-demand dynamics, and unexpected twists introduced throughout the event.
• Adaptability and quick decision-making will be key to success.

Whether you're a risk-taker, a problem-solver, or just looking for some fun, our stalls promise an engaging and rewarding experience. Join us at our exclusive game zone, test your skills, and win exciting prizes! Stay tuned for surprises, and let the entrepreneurial adventure begin!

Date: 5 April, 2025
Venue: Alley area, backside of the main auditorium
Time: 11 AM Onwards

LASHKARA

TEGHPRENEURS

The Entrepreneurship Cell

Event 2: Business Betrayal

"Business Betrayal" is a strategic business-themed game where 8-10 teams (1-2 players each) compete. Two teams are Fraudpreneurs, aiming to mislead the Entrepreneurs (rest of the teams) about their assigned business term.

Each round, teams receive a business-related term (e.g., "Franchising" vs. "Licensing"). Entrepreneurs get one term, while Fraudpreneurs get a different but similar term. Teams discuss their term without stating it explicitly. Fraudpreneurs must manipulate the discussion, confusing Entrepreneurs. After 10 rounds, the top two teams win cash prizes.

Game Rules:

- No direct mention of the assigned term.
- Entrepreneurs must identify their term, while Fraudpreneurs deceive them.
- Correct guess: Entrepreneurs earn 5 points; successful deception: Fraudpreneurs earn 10 points.
- Saying the exact term results in a -10 point penalty.
- After 10 rounds, the top two teams with the highest scores win.

Date: 5 April, 2025
Venue: Computer Lab III
Time: 11 AM Onwards

CURIEUX

Department of Computer Science

Event 1: Bug Bingo - Debugging Competition (Individual)

Participants will receive a Bug Bingo card filled with different coding tasks or types of bugs to fix. Each task corresponds to finding and fixing a bug in the provided codebase. The goal is to be the first to complete your Bug Bingo card to win. The card consists of a 3x3 grid (9 squares in total). Each square contains a description of a bug or coding task.

Rules:

- This contest will be divided into two rounds where each participant will compete and only the top participants from the first round will progress to the final round.
- The rounds will be based on debugging codes in Python or C++.
- In the final round, the top 3 participants solving debugging challenges accurately and swiftly will be awarded a cash prize.

Date: Prelims (5 April, 2025) and Mains (5 April, 2025)
Venue: Room no. 28, 29 and Computer Lab I
Time: 9 AM to 11 AM
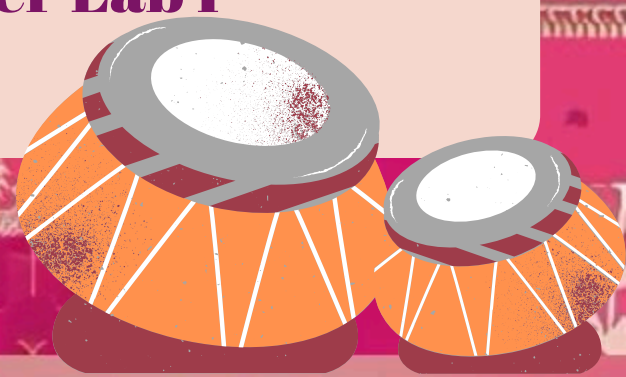

LASHKARA

CURIEUX
Department of Computer Science

Event 2: Code Relay Auction - Coding Competition
(Team of 2 to 4 participants)

The Coder Relay Auction is a team-based coding competition where participants will solve programming challenges in relay format. Teams will auction for coding problems, and once a problem is won, the team will need to solve it in a limited time. Each team has to pass their solution to the next team member (or "coder"), and the process continues until all team members have participated.

Rules:

- **Problems Auction:** All coding problems will be presented in a pool. Teams will participate in an auction where they bid on which problems they want to solve.
- **Bidding:** Teams will use auction points (or virtual currency) to bid for problems. The highest bid wins the problem, and the team that wins the problem gets to solve it.
- **Problem Difficulty:** Problems come in different difficulty levels, and the harder the problem, the higher its cost.
- Once a team wins a problem, the first member begins solving it. After a fixed period, the next member takes over and continues working on the problem.
- The problem continues to be worked on until the team either finishes it or the timer runs out.

Date: 5 April, 2025
Venue: Room no. 28, 29 and Computer Lab I
